

## Law Firm Alliance

### **When you work with Seigfreid Bingham, you are connected to a network of top-level law firms around the world.**

**Seigfreid Bingham is a proud member of the Law Firm Alliance (LFA), a leading global network of full-service law firms.** Established in 2000, the LFA's goal is to provide clients of member firms with access to high quality, cost-effective legal services in jurisdictions worldwide. There is a judicious member selection policy in place and, since the LFA's establishment, membership has grown to 50+ law firms with nearly 3,000 lawyers practicing throughout North America and internationally.

**You receive the service you expect and deserve, no matter the jurisdiction.** Seigfreid Bingham's LFA affiliation allows us to offer our clients an integrated global service, connecting them with the skill and experience of colleagues in full-service law firms throughout numerous jurisdictions. Our clients receive the responsiveness and efficiency important to them, while allowing for meaningful personal relationships typically associated with smaller firms, supported by access to the combined knowledge and resources of a larger, multinational firm – without the associated fees.

**A commitment to quality that means only the best service for you.** Law Firm Alliance membership is highly selective and is offered on an invitation-only basis, promising that the caliber of firms selected is exceptionally high. Criteria includes peer and client recommendations, service offerings, as well as ethical standards held within the firms. Prerequisites of membership include firms that offer full-service capabilities, the maintenance of substantial corporate and litigation practices, and an outward display of a commitment to client service. In this way, clients of member firms are assured that they have chosen a firm that is amongst the top rated in its geographical area, and that they can expect this level of service in those jurisdictions where they may need to do business.
