

Seigfreid Bingham and Block Real Estate Services, LLC, Host 2026 American Royal BBQ Party

Seigfreid Bingham recently welcomed clients to its 2026 VIP BBQ party during the American Royal World Series of Barbecue. The firm was pleased to once again partner with Block Real Estate Services, LLC, for the event.

Held Friday, October 2, 2026, the party brought guests together for an evening of barbecue, drinks, dessert, and conversation at the American Royal's new location in Kansas City, Kansas. This year's "Neon Cowboy" theme added a colorful twist to our event.

At the party, guests enjoyed barbecue meat prepared by attorneys Tim Davis and Greg Gerstner and their cooking team. Additionally, attorneys John Fuchs and Mirjana Gacanich planned and coordinated the event alongside the firm's Marketing Manager. Several other Seigfreid Bingham attorneys and staff assisted with meat preparation and other event-related tasks.

The American Royal World Series of Barbecue has become a longstanding tradition for Seigfreid Bingham and an opportunity for the firm to connect with clients, colleagues, family, friends, and other contacts outside the office. As a whole, the American Royal BBQ helps advance the American Royal's mission of promoting education, community engagement, and greater awareness of the agriculture and food industry.

We appreciate everyone who joined us this year and helped make the 2026 event a memorable evening.
